

TACTICAL FORMATION CLINIC 2019

★ CCCP ★

As in past years, **Red Thunder Tactical Fighter Clinic 2019**, promises to be a great event. To be held 20th - 26th May, Red Thunder offers warbird owners the opportunity to socialise and refine their piloting skills. Several 'Eastern Block' warbird aircraft take part in these events, so accordingly Red Thunder 2019 continues it's 'Russian Flavour' in both the flying and social activities.

Of great interest is the Red Thunder Dining-In Night. A great time is always enjoyed, with participants finding the time to 'dress' for the occasion. Why not register on-line and check-out the Social Calendar for 2019??

FLYING ACTIVITIES

Aircrew will engage in a variety of training exercises which aim to facilitate the exchange of operational experiences and to enjoy a variety of navigational, flour bombing, and streamer cutting competitions.

For those interested in delving a little deeper, we offer the opportunity to refine piloting skills, particularly in the areas of:

- Max performance Handling
- Formation Flying
- Tactical Formation and
- Long Line Astern or flying the "Combat" position.

If you intend flying as a passenger or pilot at Red Thunder, you will need to register as Aircrew!

SOCIAL EVENTS

Several of our female comrades (Natasha's) join us for the week. Over the years we have enjoyed a vibrant social calendar including:

- Glass House Mountains aerial tour
- Seafood Luncheons on the Sunshine Coast
- Brisbane Valley Gallery and Antique Crawls
- Kilcoy and Woodford Winery Tours and
- The ever favourite Spa Day

For the more adventurous, several of our Natasha's take part in:

- Warbird Aerobatics
- Back Seating a Battle 4 Formation
- Bombardiering Flour and Streamer Cutting activities, and
- Flying in the BIG WING Events.

That being said where is our first lady pilot?

CONTACT

Red Thunder 2019 promises to be a great event, and we would encourage interested players to contact organiser,
